

There is a new kind of AUTOMOBILE DEALER IN WASHINGTON!

The Capital Garage

1320 NEW YORK AVENUE, N. W.

Headquarters for NASH Sales and Service

Yes, it's true! Washington's famous Capital Garage has undergone a complete modernization and is now ready to serve you to a finer degree than ever before with complete Nash sales and service facilities. Our 23 ramp-connected floor levels and 225,000 square feet of floor space with accommodations for 1200 cars now offer you the finest facilities in town to help you care for your car.

We have installed the very latest scientific equipment designed to eliminate the old-time mechanic's "guess-work" and save you time, money and worry. When you bring your car to us for any service job—from a lubrication or car wash to a thorough overhaul—you are assured of getting the finest in workmanship and scientific "know-how."

Factory-Trained Mechanics

On our staff of skilled mechanics we have men with specialized experience on the particular make of car you own. They know it like a book. And they work *by* the "book"—according to the specific and latest instructions issued by the manufacturer of your car. Our Parts Department can supply the necessary parts for any make of car.

We never close the doors at the Capital Garage. You can get complete service here. No matter where you may be in the Washington area—no matter what make car you drive or what the trouble may be, a phone call will start our tow car on its way to you.

We invite you to inspect our modernized Nash sales and service facilities. We think you'll agree with us that it represents a new kind of automobile dealer with a new concept of automotive service for you.

NASH—The Pattern Of Cars To Come

Our spacious showroom has been newly decorated and refurnished to provide the proper setting for the sensational new Nash "600" and its distinguished companion, the Nash Ambassador.

You'll have the most amazing experience in years when you drive this Nash "600"—the fine big car that turns in more than 25 miles to the gallon at average highway speeds. You'll enjoy its velvety riding smoothness—girder-strong construction—easy steering and roadability.

You'll find superb performance and gracious luxury in the fine new Nash Ambassador.

In both cars, you'll marvel at the magic of Nash Weather Eye Conditioned Air and at the comfort and convenience of the Convertible Double Bed available for carefree travel.

Make This Your Automotive Headquarters

When you've seen these new Nash cars and inspected our outstanding service and parking facilities, we invite you to make your motoring headquarters right here, just as thousands of Washingtonians and visitors to the Nation's Capital have done for 20 years.

The Capital Garage is a Washington institution situated in the heart of the city and convenient to Government buildings, shopping district, theaters and hotels.
